

Diesel Powered Fire Pumps

Aussie diesel drive high pressure pumps are more economical to run, providing users with substantial fuel savings over petrol drive equivalents, lower through life maintenance costs and are safer to refuel during fire fighting applications.

- **Unique five year pump end warranty!**
- **Primes fast** from 7.6 metres... that's vertical lift.
- **Top quality Kubota & Yanmar diesel engines** backed up with a two year manufacturer's warranty & extensive service networks.
- **Heavy duty galvanised steel frames** with anti vibration mounts.
- **Replaceable suction port & discharge elbow** ... easy to service.
- **Single piece, heavy duty closed impeller** for longevity.
- **Big 2 inch inlet** ... more volume.
- **Big belly body**... for fast priming & extra performance.
- **Three way outlet** with top quality caps with metal chains.
- **Marine grade aluminium body.**
- **Big drain port**... quick draining.
- **Easy access priming port.**
- **Optional Viton seal kit** for diesel fuel transfer.

Model	Yanmar Option		Kubota Option		Max Head	Max Flow	Suction port	Discharge port	Self primes
	Model	HP	Model	HP	(m)	(lpm)			(m)
Fire Chief (QP205SE)	L48	4.8	AC60	6	60	400	2"	2x1", 1x1½"	7.6

Aussie Fire Chief ... the world's best portable fire pump

AUSSIE FIRE FIGHTING PUMPS ... SIZE DOES MATTER

The Aussie Fire Chief, the Fire Captain and "Mr T" super high pressure twin impeller fire pumps are regarded as the world's finest lightweight portable high pressure pumps. The Fire Chief has won significant contracts both within Australia and in export markets.

- **Unique five year pump end warranty** ... that's real confidence!
- **Lightweight** ... portable fire fighting pump.
- **Primes fast** from 7.6 metres... that's vertical lift.
- **Replaceable suction port & discharge elbow** ... easy to service.
- **Genuine Jap Honda petrol engine** (2 year warranty).
- Skids with rubber feet and carry handle as standard on Fire Chief.
- Full frame with anti-vibration mounts (option for Fire Chief, standard on all other versions).
- **Single piece, heavy duty closed impeller** for longevity.
- **Big 2 inch inlet** ... more volume.
- **Big belly body**... for fast priming & extra performance.
- **Three way outlet** with top quality caps with metal chains.
- **Marine grade aluminium body.**
- **Big drain port**... quick draining.
- **Easy access priming port.**
- Optional Viton seal kit for diesel fuel transfer.

Yanmar and Kubota diesel drive options also available.

Aussie "Mr T" Twin Impeller Fire Pump (QP205SLT)

The Aussie "Mr T" is the final extension of development of the Aussie Fire Chief. It is a heavy duty twin impeller pump but with a difference!

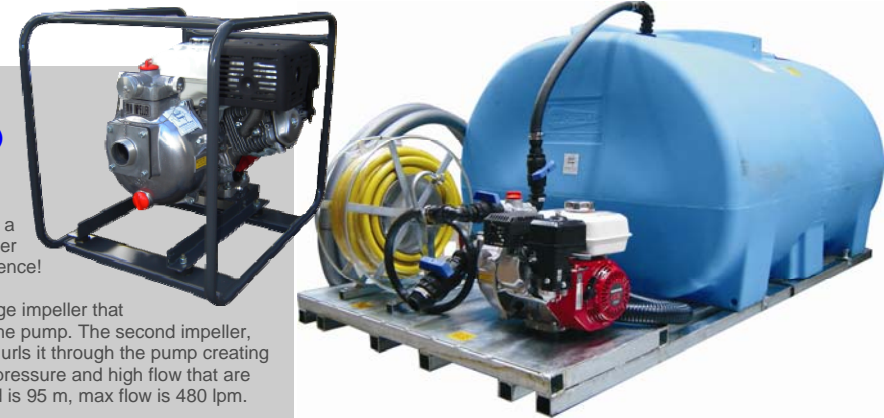

The first stage is a large impeller that draws the water into the pump. The second impeller, takes that water and hurls it through the pump creating combinations of high pressure and high flow that are unmatched, max head is 95 m, max flow is 480 lpm.

SKID MOUNTED FIRE BUSTERS

... TRANSFORM YOUR UTE INTO A MOBILE FIRE FIGHTING UNIT

Skid mounted fire busters offer a convenient, complete fire fighting package. These well designed units combine the Aussie Fire Chief fire pump with water tanks, hose & hose reels in a cost effective and practical way.

- **Your choice of a Fire Chief, Fire Captain or "Mr T" Twin impeller fire pump**
- **Galvanised steel skid frame**
- **Aussie Billabong poly tanks**, UV resistant, with 50 micron heavy duty inlet filter, supply float valve and low level shut down device.
- Rugged galvanised hose reel for safe storage of delivery hose
- Aussie Smart Valve easy suction switch from tank to external water source
- Aussie Fire Quencher hose kit complete with nozzle (1 x 6m of 50mm suction hose, 1 x 30m of 20mm discharge hose with jet spray nozzle)

Model	Engine Make	Engine Model	HP	Max Head (m)	Max Flow (lpm)	Suct port	Discharge ports	Self primes (m)
Fire Chief (QP205SE)	Honda	GX160	5.5	75	450	2"	2x1", 1x1½"	7.6
Fire Captain (QP205SEFF)	Honda	GX160	5.5	75	450	2"	2x1", 1x1½"	7.6
